Document Body

Hi Sanjay,
I'd like to get this call scheduled before folks leave the office for the holidays . Dates available for EPA the first week of January are either Thursday, Jan 10 anytime between 9am - 3pm or Tuesday, Jan 8 anytime except noon-1:30. If neither of these dates work with IEPA schedules please suggest alternative dates for consideration.

As I indicated in my original message, EPA is interested in having IEPA identify any issues from the public hearings that could present inconsistency with the federal CAFO rules if accepted by the Board and future actions IEPA plans to take in response to the public hearings.

thanks,
julianne

Julianne-

The rest of the month doesn't look that great for us. I will be out of the office January 18th through December 31st. So let's do this meeting in the first week of January. By that time we will have a better sense of your question/our response(s). I think it would be helpful if you guys also thought about the same question based on what you know about our rule. Thanks,

Subject: IL CAFO rules

Hi Sanjay,
I would like to set up a call with Illinois EPA to discuss Illinois EPA's reaction to the recent hearings on the proposed amendments to the CAFO rule. I'd like to find out if Illinois EPA has identified any issues raised in the hearings or in the motion filed by the Ag Coalition that Illinois EPA believes could be inconsistent with the federal CAFO rules.

From NPDES Program Branch Steve Jann and myself would participate and, if available, Michael Berman from Office of Regional Counsel will participate in the call.

If Illinois EPA is available, I'd like to schedule the call for next Wednesday, December 12, 10:30 - 11:30 am. Please let me know if Illinois EPA is available at this time, if not please propose some alternative dates and times.

thanks,
julianne
